Hello –

I look forward to our discussion on Friday about the status of the P/V Wild Alaskan and the City's intention to use the EPA General Permit for Disposal of Vessels at Sea. If I have missed someone that should be involved in this discussion, please forward this meeting invitation.

Earlier this month, the City of Kodiak submitted the attached documents stating their intent to use EPA's General Permit for this action. The City is targeting a disposal date prior to October 15, 2020.

Feel free to reach out to me with any questions prior to our meeting.

-Bridgette
